Its score is based on audited and unaudited financial data that the authority is required to submit to HUD each year. The management operations indicator measures housing authorities management performance. Its score, like PHMAPs, is based on self-8 certified data submitted by the public housing authorities. As we 9 previously reported, HUD cannot ensure the reliability of this indicator because it does not have a systematic way to verify the authorities self-certified data. The resident service and satisfaction indicator measures residents satisfaction with their living conditions. Its score is based on data obtained through a survey of the residents and an evaluation of the extent to which the public housing authority manages the process in accordance with a methodology prescribed by HUD. Each of the four PHAS indicators is scored individually. Public housing authorities can receive a maximum of 30 points each for the physical, financial, and management indicators and a maximum of 10 points for...
