*****. I have not been in education for a while and have decided to start an online course. I highly recommend this book, it is informative, easy to read and has given me many helpful hints and tips on studying away from a campus. ***** Review on This book is invaluable for the first time, or even the long term, distance learner. Areas covered include motivation for studying, the learning process, note taking, tips on e-learning, in fact everything up to, and including, preparing for exams. Excellent for dipping into when you hit an obstacle to your studies. Highly recommended. ***** Review on This essential guide provides practical help and support for those who have not previously studied at a distance and is ideal for students returning to study after a break. It covers fundamental issues such as motivation, goal setting, time management and coping strategies. Additional coverage in the third edition includes: Specific information on the use of new technologies in distance learning Detailed coverage of referencing, citation and plagiarism Description of...
