Kinesis happens when there is motion of an organism because of a stimulant. To be kinetic is to have the ability to harness the power of kinesis within one s self and to make objects move. A Kinetic Person s Power was written by Kenneth Adrian Ellis, who holds this special power that he believes comes from God. This eye-opening book reveals all that is possible in the world around us in a new and healing light. Kenneth Adrian Ellis lives near Kennesaw, Georgia. He holds a Certificate of Copyright from the Library of Congress for video footage in which his gift is documented and he performs his special power. A Kinetic Person s Power is his first book. Kenneth Adrian Ellis has a kinetic ability that is stimulated by light and sound. He describes his documented four-part gift in A Kinetic Person s Power. Kinesis is when there is motion of an organism because of a stimulant such as light. To be kinetic is to have the ability to harness the power of kinesis within one s self. Like telekinetics, psychokinetics and those with extra sensory perception or ESP, kinetics has a supernatural ability. In Ellis, this talent allows him to release tension from his body by voice command. He says, I believe my ability is a gift from The Heavenly Father. Although the gift is quite extraordinary, and out of this world, my discovery of it has made me happier, and each time I experience it I realize that I have been shown pious charity. Explore the power of kinesis and find out if you too possess this...
