Brand New Book ***** Print on Demand *****.Excerpt from Our Children: Hints From Practical Experience for Parents and Teachers How can we judge of a civilization, and is there any standard at all by which we may gage its power and significance? This question should not be impossible to answer and we believe that the replies given by different thinkers will be characteristic of their philosophy. It is a test question that will reveal the true nature of a system of thought. St. Francis of Assisi and his followers find its answer in the supremacy of the spiritual over the material, understanding by the spiritual the mode of thought which is entertained by the priest. The philosopher of matter and motion measures the advance of society by the complexity of its phenomena; to him evolution is a progress from the homogeneous to the heterogeneous.
