Orion Publishing Co, United Kingdom, 2016. Paperback. Book Condition: New. 197 x 135 mm. Language: English . Brand New Book. Imagine an updated Vertigo: darker, more scary but just as hypnotically seductive. Selected for BBC Radio 2 Book Club with Simon Mayo. Dr Caleb Maddox is an expert on pain. A leading San Francisco toxicologist, he is mapping the chemical traces that show how much agony a human body can endure. But now a different kind of pain is distracting him from his life's work - the violent break-up of his relationship with his artist girlfriend, Bridget. Seeking solace in a secluded bar, he meets a beautiful woman who shares an absinthe with him, then disappears into the night. Instantly obsessed, he starts trawling the hidden byways of the city to try and find her. And when he does, she insists on a bizarre set of rules before he can meet her alone. But even as he tries to lose himself in Emmeline's darkly erotic world, Caleb finds himself inexorably drawn back to the study of pain and death. For weeks the police have been fishing corpses out of the bay, with no clue as to how they died, and Caleb's old friend, medical examiner Henry Newcomb, asks him to decipher the chemical puzzles left in the bloated remains. Soon Caleb discovers evidence of an unspeakable horror connecting all the victims, suggesting that the city is prey to a deranged killer. And then he discovers that one of the dead men was last seen at the same bar the night he met Emmeline. Suddenly Caleb is plunged into a nightmare where love, madness and murder are clasped in a lethal embrace - and untangling the truth could be the last thing he wants to do.
